ASCP Diploma offer (2025)

ASCP Diploma Course Content

1. ASCP Diploma Course descriptions

1.1. Introduction

It is a specialized program designed to equip individuals with essential knowledge and skills in supply chain management. This diploma covers key areas such as procurement, logistics, inventory control, warehousing, and distribution, preparing graduates for dynamic roles in the industry. It focuses on best practices, strategic planning, and operational efficiency to enhance supply chain performance. Earning this diploma can help professionals advance their careers and stay competitive in the evolving global market.

1.2. Who is it for?

- **Aspiring Supply Chain Professionals** looking to start a career in logistics, procurement, or operations.
- **Current Industry Professionals** seeking to enhance their skills and advance in their careers.
- **Business Owners & Entrepreneurs** who want to improve supply chain efficiency in their organizations.
- **Graduates & Students** aiming to gain specialized knowledge and a competitive edge in the job market.
- **Corporate Employees** in related fields such as retail, manufacturing, and transportation who want to expand their expertise in supply chain management.

1.3. What will you learn?

You will learn about Supply Chain Fundamentals understanding the end-to-end supply chain process, key concepts, and industry trends. Procurement & Sourcing, strategies for supplier selection, contract negotiation, and cost management. Planning and managing the movement of goods efficiently, Techniques to optimize inventory levels, reduce waste, and improve storage efficiency. Knowledge of transportation modes, route planning, and logistics coordination for smooth operations.

On completion, Graduates will gain practical knowledge and industry-relevant skills to optimize supply chain processes and drive efficiency in various business environments. They will be well-equipped for roles in logistics, procurement, operations, and supply chain management across various industries.

- Customs Clearance.

1.4. Course Schedule

Round 1 Friday and Saturday from 4:00 pm to 8:00 pm

Session Date	Module
11-Apr-25	M1- Principles of Supply Chain Management
12-Apr-25	M1- Principles of Supply Chain Management
18-Apr-25	M2- Supply Chain Planning & Control
19-Apr-25	M2- Supply Chain Planning & Control
25-Apr-25	M3- Procurement Management
26-Apr-25	M3- Procurement Management
2-May-25	M4- Warehousing Management
3-May-25	M4- Warehousing Management
9-May-25	M5- Logistics Management
10-May-25	M5- Logistics Management

Round 2 Friday and Saturday from 4:00 pm to 8:00 pm

Session Date	Module
16-May-25	M1- Principles of Supply Chain Management
17-May-25	M1- Principles of Supply Chain Management
23-May-25	M2- Supply Chain Planning & Control
24-May-25	M2- Supply Chain Planning & Control
30-May-25	M3- Procurement Management
31-May-25	M3- Procurement Management
13-Jun-25	M4- Warehousing Management
14-Jun-25	M4- Warehousing Management
20-Jun-25	M5- Logistics Management
21-Jun-25	M5- Logistics Management

Round 3 Friday and Saturday from 4:00 pm to 8:00 pm

Session Date	Module
4-Jul-25	M1- Principles of Supply Chain Management
5-Jul-25	M1- Principles of Supply Chain Management
11-Jul-25	M2- Supply Chain Planning & Control
12-Jul-25	M2- Supply Chain Planning & Control
18-Jul-25	M3- Procurement Management
19-Jul-25	M3- Procurement Management
25-Jul-25	M4- Warehousing Management
26-Jul-25	M4- Warehousing Management
1-Aug-25	M5- Logistics Management
2-Aug-25	M5- Logistics Management

Round 4 Friday and Saturday from 4:00 pm to 8:00 pm

Session Date	Module
8-Aug-25	M1- Principles of Supply Chain Management
9-Aug-25	M1- Principles of Supply Chain Management
15-Aug-25	M2- Supply Chain Planning & Control
16-Aug-25	M2- Supply Chain Planning & Control
22-Aug-25	M3- Procurement Management
23-Aug-25	M3- Procurement Management
29-Aug-25	M4- Warehousing Management
30-Aug-25	M4- Warehousing Management
5-Sep-25	M5- Logistics Management
6-Sep-25	M5- Logistics Management

Round 5 Friday and Saturday from 4:00 pm to 8:00 pm

Session Date	Module
12-Sep-25	M1- Principles of Supply Chain Management
13-Sep-25	M1- Principles of Supply Chain Management
19-Sep-25	M2- Supply Chain Planning & Control
20-Sep-25	M2- Supply Chain Planning & Control
26-Sep-25	M3- Procurement Management
27-Sep-25	M3- Procurement Management
3-Oct-25	M4- Warehousing Management
4-Oct-25	M4- Warehousing Management
10-Oct-25	M5- Logistics Management
11-Oct-25	M5- Logistics Management

Round 6 Friday and Saturday from 4:00 pm to 8:00 pm

Session Date	Module
17-Oct-25	M1- Principles of Supply Chain Management
18-Oct-25	M1- Principles of Supply Chain Management
24-Oct-25	M2- Supply Chain Planning & Control
25-Oct-25	M2- Supply Chain Planning & Control
31-Oct-25	M3- Procurement Management
1-Nov-25	M3- Procurement Management
7-Nov-25	M4- Warehousing Management
8-Nov-25	M4- Warehousing Management
14-Nov-25	M5- Logistics Management
15-Nov-25	M5- Logistics Management

Round 7 Friday and Saturday from 4:00 pm to 8:00 pm

Session Date	Module
21-Nov-25	M1- Principles of Supply Chain Management
22-Nov-25	M1- Principles of Supply Chain Management
28-Nov-25	M2- Supply Chain Planning & Control
29-Nov-25	M2- Supply Chain Planning & Control
5-Dec-25	M3- Procurement Management
6-Dec-25	M3- Procurement Management
12-Dec-25	M4- Warehousing Management
13-Dec-25	M4- Warehousing Management
19-Dec-25	M5- Logistics Management
20-Dec-25	M5- Logistics Management
